PARTNERSHIP

**CHANGING KNOWLEDGE, ATTITUDE
AND BEHAVIOUR TOWARDS
LIFE, AGE, DEATH AND LOSS**

FIVE KEY STEPS...

TALK TO LOVED ONES

Our plans and wishes are more likely to be carried out if we talk with people close to us.

WILLS & FINANCIAL PLANNING

Writing a will and sorting out our financial affairs can bring peace of mind.

PLAN FUTURE CARE

Many of us may eventually need to be cared for and at some point we may be unable to make decisions for ourselves.

FUNERAL PLANNING

Being clear about our preferences means that when we die, people close to us know what type of funeral we want.

ORGAN DONATION

Have you thought about helping someone after your death by registering as an organ donor?

...TAKING THESE FIVE STEPS WHEN WE ARE HEALTHY MEANS THAT WE ARE PREPARED IF THE UNEXPECTED HAPPENS.
