

Vacancy for a Medical Trustee

Join our innovative organisation and make a difference to end of life care.

We are seeking to appoint a new trustee with medical expertise, including:

- Recognised medical qualification and experience from a relevant field. Colleagues recently retired from full time practice are welcome to apply.
- Ability to communicate effectively with non-medical peer trustees
- Approachability and willingness to contribute to the success of EOLP
- An understanding of developing strategic partnerships and building relationships with other organisations
- A working knowledge of how palliative and end of life care is developed and delivered
- Strong professional networks within Cheshire and Merseyside ICB and beyond. This could include government, regulatory or other statutory bodies

The Medical Trustee will play a key role within the Trustee Board, supported by the Leadership and Management Team (LMT) and Medical Director. Specific responsibilities include:

- Provide a medical perspective that strengthens our decision making and contributes to the achievement of EOLP's strategic objectives
- Enhance EOLP's external credibility with medical colleagues and through medical education routes
- Use experience to scrutinise and support the design and delivery of programmes and initiatives for the medical workforce

We are keen to increase the diversity of our board of trustees and we welcome applications from all sections of the community.

Further information:

If you would like an informal discussion with the Chair about joining EOLP, please ring 01270 310260 to arrange a time and date for a call.

Interviews will take place 1 - 5 pm on Wednesday 26 March or 3 - 5 pm on Thursday 3 April at the EOLP offices at Spring Farm in Crewe.
